A romániai Szerb Ortodox Püspökség a Szerb Ortodox Egyház része, amely Romániában 2008-tól működik önálló egyházként. A 2021-es népszámlálás során 8933 szerb nemzetiségű állampolgár vallotta magát a püspökséghez tartozónak. Emellett majdnem ugyanennyi más nemzetiségű személy is a Szerb Ortodox Püspökséget jelölte meg egyházként, valószínűleg tévedésből.

În plus, aproape tot atâția persoane de alte naționalități au indicat Episcopia Ortodoxă Sârbă ca fiind biserica lor, cel mai probabil din greșeală.
